Lake Shore Health Home Services, a HHUNY affiliated Health Home
Serving Western New York

WHAT IS HEALTH HOME CARE MANAGEMENT?

A program fully paid by Medicaid that provides care management services to improve health outcomes for high-need Medicaid recipients:

- Addresses medical, behavioral health and social service needs
- Offers boots-on-the-ground care management
- No cost to Medicaid recipients or members of their care team
- Evidence-based, person-centered practices
- The Health Home Care Manager:
 - Oversees and coordinates access to all of the services a member requires
 - Supports care integration through effective communication with other providers

WHO IS ELIGIBLE TO RECEIVE HEALTH HOME SERVICES?

Health Homes support consumers receiving Medicaid who have chronic conditions including:

- Mental health conditions
- Substance abuse disorders
- Asthma
- Diabetes
- Heart disease
- AIDS/HIV
- Significant behavioral, medical or social risk factors which can be addressed through care management

In addition to these chronic conditions, the HHUNY Care Managers support those who need help coordinating their medical care, or accessing employment, legal services, housing, and other community services and supports.

The services of the Care Managers are free of charge to qualifying Medicaid recipients and members of their care team.
